

CAMHIRST ROBOTS

**THE ULTIMATE SOLUTION TO THE GLOBAL
HOUSING & HOMELESSNESS CRISIS**

CAMHIRST ROBOTS

GLOBAL HOUSING CRISIS

America has less housing for sale or rent than at any time in the past 30 years

**THE USA ALONE IS SHORT
OF 4 MILLION HOUSES
WHICH IS AN UNTAPPED
\$1.6 TRILLION MARKET**

The housing crisis could impact 1.6 billion people by 2025, the World Bank says

The world needs to build 96,000 new affordable homes every day to house the estimated 3 billion people who will need access to adequate housing by 2030, UN-Habitat says

At least 150 million live in permanent homelessness

House prices globally have risen at their fastest rate for 40 years as demand has outstripped supply, according to research from financial services firm JP Morgan

PRIMARY REASONS FOR THE GLOBAL HOUSING CRISIS

**SHORTAGE OF SKILLED LABOUR
AND THE TRADITIONAL WAY OF
BUILDING IS TOO SLOW**

CAMHIRST ROBOTS

After 5 YEARS

R&D and Millions of Dollars Invested

We have developed the
world's best 3DCP robot

Our company aims to become
the world leader in
3D CONCRETE PRINTING ROBOTS

CAMHIRST ROBOTS

CAMHIRST 3DCP ROBOT CAN 3D PRINT A SMALL HOUSE IN 48-72 HOURS

WE CAN BUILD HOUSES
FASTER - CHEAPER - SAFER
BETTER INSULATED - MORE
ECO-FRIENDLY - LITTLE WASTE

CAMHIRST ROBOTS

Camhirst CEO has signed an MOU protocol agreement with a cluster of the African Union

This gives our Ecosystem direct access to ministers & presidents in Africa

This MOU agreement and the special relationship will lead to orders worth billions of dollars for Camhirst

CONFIRMED ORDERS FROM VARIOUS COUNTRIES

We have confirmed Robot orders from companies from various countries.

We have been offered numerous joint venture development projects.

Talks have begun with officials and ministers from different African countries to build affordable housing, schools, clinics and many other type of properties with our Camhirst 3DCP Robots

UK Firm To Introduce Robotics To Building Houses In Nigeria

By Ambrose Sule, Abaja

In order to reduce housing deficit in Nigeria, UK firm promised to introduce Robotics, a modern technology, to building houses in Nigeria.

This was disclosed during the signing of Memorandum of Agreement by the Nigerian Building and Road Research Institute (NBRI) and the Nigerian State-owned Energy Centre of Excellence for Sub-Saharan Africa (RECESSA), in partnership with Carrbird Robots, to develop affordable houses in several states across the country, using 3Dcc robots.

The signing ceremony was held at the NBRI-CE headquarters in Abuja on Tuesday.

Speaking, Founder/CEO of Carrbird Robots, Adam Ahmed, said the robots would be deployed in Nigeria, early 2024.

Ahmed said: "It took us two years, and millions of dollars to get the technology right. The production of these robots is starting in November this year. We are excited that we will be deploying these robots in Nigeria, early 2024. As the months roll on, more robots will become available especially for the signed MOU on one million social housing."

HOW DOES CAMHIRST GENERATE PROFIT?

- Sale of the CAM300 3DCP Robot. We sell the robot for \$250k without training and \$275k with training.
- **EACH ROBOT SOLD MAKES CAMHIRST ROBOTS OVER \$90,000 PROFIT**
- We plan to make profit from Joint Venture construction contracts and building houses in various countries.

LET US SHOW YOU HOW WE CAN SHARE SOME OF THAT PROFIT WITH YOU

OPPORTUNITY TO BECOME A CAMHIRST BRAND AMBASSADOR

Unlock Your Earning Potential!

Earn 5% for Every Enquiry You Generate That Results In:

- A CAMHIRST 3D Robot Sale
- Someone Becoming a Regional or Country Distributor
- Someone Investing and Becoming a Shareholder

Example: Your Enquiry Converts into 10 Robots Sales with Training - You Will Earn: \$137,500

CAMHIRST ROBOTS

Seize the Opportunity and Start Earning Today!

APPLY TO BECOME A BDM BUSINESS DEVELOPMENT MANAGER

Unlock Opportunities: Earn 3% for Every Enquiry Shared with Our Business Development Manager (BDM) Resulting in:

- Sale of Camhirst 3D Robots
- Establishment of Regional or Country Distributorship
- Investment Leading to Shareholder Status

For instance, with the sale of 10 robots accompanied with training, our BDM will earn \$82,500
